

CABOT PANTHER ACADEMY

Cabot Public School District
School Improvement Plan

Mission Statement:

The mission of Cabot Panther Academy is to reimagine education by providing an environment that inspires every student to reach their full potential by building relationships, as well as teaching academics and life skills. By helping students identify their own unique strengths and abilities, we will help guide them to becoming successful and productive citizens.

Revision Date: July 17, 2023

Priority #1

Improvement Plan Focus Area: Focused instruction to improve reading

We will provide focused reading instruction to all students in our program to improve summative reading test data in spring of 2024.

Grade Level Goals:

	CURRENT DATA	FUTURE GOAL
7th Grade	41%	45%
8th Grade	47%	50%
9th Grade	31%	35%
10th Grade	19%	25%

DATA LINK:  ACT Aspire Scores 2022.pdf

Priority Area: *Based on the identified focus area, what issue needs to be addressed to achieve the goal?*

Team Member(s) Responsible:
Carrie Lair
Mallorey Jones

<p>Teacher understanding of reading instruction.</p>	<p>Kathy Motes Kathy Peters Beverly Williams Jeff Shaver</p>
<p>Desired Outcome: <i>When fully implemented, what will be different as a result of addressing this priority?</i></p> <p>Students will have access to high quality instruction that will help them across all content areas.</p>	<p>Austin Taylor Ashley Vann John Panter Carson Gill Allison James Hayleigh Sparks Ethan Holland Kristen Sumler Ryan Sumner Jeri Munnerlyn Rita House Tori Willborg Nicole True Emily Madar Michelle Hobbs Tyler Hill</p>
<p>Root Cause(s): <i>What is the heart of the issue? What evidence supports this conclusion?</i></p> <p>The heart of the issue is that reading is a fundamental skill that impacts all subject areas. Reading is a skill that all students need in order to be successful in life. According to our 2022 ASPIRE data, our students struggle in the area of reading. Our 7th grade reading scores were 41% Ready or Exceeding. This data reflects the 22 students who were tested. The 8th grade reading scores were 47% Ready or Exceeding and represents the 38 students who were tested. The 9th grade reading scores were 31% Ready or Exceeding and reflects 62 students tested. The 10th grade reading scores were 19% and this reflects the 74 students who were tested.</p>	
<p>Alignment to District Core Belief:</p> <p>Our reading focus is aligned to several beliefs:</p> <ul style="list-style-type: none"> *Academic success for every student is a priority for our district. *Every school can be a high-performing organization, both academically and operationally.

Students will be assessed on vocabulary from the novel as well as other ELA standards appropriate to their grade level.

Priority #2

Improvement Plan Focus Area: Focused Opportunities to increase Parental Involvement

We will focus on increasing the opportunities parents have to participate in the educational career of their student.

We will focus on increasing the number of parents that participate in our PTSO (Parent, Teacher, Student Organization) from 20% to 30% by May 2024.

Priority Area: *Based on the identified focus area, what issue needs to be addressed to achieve the goal?*

Parents need access to items that will help them engage their student in the learning process outside of the normal school day, and have information available that will help them understand and relate to issues faced by their students.

Team Member(s) Responsible:

Carrie Lair
Mallorej Jones
Nicole True
Christy Duncan
Allison James

Desired Outcome: *When fully implemented, what will be different as a result of addressing this priority?*

Parents will have access to materials that help them connect with their students' academic needs and SEL needs.

Root Cause(s): *What is the heart of the issue? What evidence supports this conclusion?*

The heart of the issue is that a large majority of our parents want to help their students be successful, but are limited in their ability to help with curriculum being delivered through Edmentum due to their lack of technology awareness. Many parents have asked for items that they can take home and use with their student in order to become more engaged in the education of their student.

Alignment to District Core Belief:

Our reading focus is aligned to several beliefs

*Academic success for every student is a priority for our district.

*Every school can be a high-performing organization, both academically and operationally.

Priority #3

Improvement Plan Focus Area: Implement Professional Learning Communities

We will allot 50 minutes per week within the master schedule to allow teachers to collaborate and process through the PLC cycle in order to:

- identify a maximum of 15 essential standards
- build CFAs for each essential standard identified
- determine students needing intervention based on CFAs given
- increase student achievement and growth (assessed at the end of each semester)

Priority Area: *Based on the identified focus area, what issue needs to be addressed to achieve the goal?*

Teachers need specific time to collaborate and share their pedagogical knowledge with each other to help increase student achievement and success.

Desired Outcome: *When fully implemented, what will be different as a result of addressing this priority?*

Teachers will participate in weekly professional learning community with their teaching partners. The PLC operates on a set of norms built by the PLC participants, and all teachers participate and share information that will help benefit student learning and success academically, socially, and emotionally.

Team Member(s) Responsible:
Carrie Lair
Mallorey Jones

Root Cause(s): *What is the heart of the issue? What evidence supports this conclusion?*

The heart of the issue is that teachers can utilize each other to help promote student learning and student engagement, but they are limited to the time constraints of the school day and do not have proper training/guidance on how a PLC functions.

Alignment to District Core Belief:

Our reading focus is aligned to several beliefs

*Academic success for every student is a priority for our district.

*Every school can be a high-performing organization, both academically and operationally.

Priority #3 Actions

Action to Address the Root Cause & Outcomes	Team Member(s) Responsible	Timeline	Resources and/or Funding(include fund source)	Progress Monitoring Data

Compare student NWEA MAP data and course grades from before the PLC implementation to current data	Carrie Lair Mallorey Jones	ONGOING	NWEA MAP Data Course Grades for Students	Analyze NWEA Map data during Guiding Coalition bi-weekly meetings

Priority #4

Improvement Plan Focus Area: Enhance Social Emotional Learning and Trauma Informed Best Practices

We will utilize the Smart Data Dashboard throughout the school year to identify students in need of tier 2 and tier 3 SEL interventions. We will continue to implement trauma informed best practices to retain a minimum of 80% of students in our program each semester.

Priority Area: *Based on the identified focus area, what issue needs to be addressed to achieve the goal?*

As a school that serves primarily at-risk students, it is essential that the faculty and staff are knowledgeable and equipped with best trauma informed practices to better serve our student population.

Desired Outcome: *When fully implemented, what will be different as a result of addressing this priority?*

When fully implemented, students will have access to faculty and staff that are prepared to meet their needs regardless of what they might be. We will see less discipline issues and more students that feel comfortable with our staff and confident in their educational experience at Cabot Panther Academy.

Team Member(s) Responsible:

- Carrie Lair
- Mallorey Jones
- Nicole True
- Christy Duncan
- Hayleigh Sparks
- Kathy Motes
- Kathy Peters
- Ethan Holland
- Beverly Williams
- Jeff Shaver
- Austin Taylor
- Ashley Vann
- John Panter
- Carson Gill
- Allison James
- LJ Tarrant
- Kristen Sumler
- Jeri Munnerlyn
- Rita House
- Tori Willborg
- Emily Madar
- Michelle Hobbs
- Tyler Hill

Root Cause(s): *What is the heart of the issue? What evidence supports this conclusion?*

The heart of the issue is that we have seen an increase in at-risk students in our setting that could benefit from having access to more resources and support. Allowing each of our teachers to become experts in trauma informed best practices gives our students a higher likelihood of success both inside and outside of the classroom.

Alignment to District Core Belief:

***Academic success for every student is a priority for our district.**

***Every school can be a high-performing organization, both academically and operationally.**
