

CENTRAL ELEMENTARY SCHOOL

Arkansas Comprehensive School Improvement Plan

2013-2014

Central Elementary's mission is to include families in educating all students to higher levels of academic performance while developing positive growth in social/emotional behaviors and attitudes. Central Elementary's staff accepts the responsibility to teach all students so that they can develop pride in self, school, work, the community, and create responsible citizens who can function in a rapidly changing society.

Grade Span: K-4

Table of Contents

Priority 1: Math

Goal: All third and fourth grade students will exhibit proficiency on the 2013-2014 Augmented Benchmark Exam in responding to open response items for the Combined, Caucasian, and Economically Disadvantaged Populations. Also, third and fourth grade students will exhibit improvement in the area of Measurement, Algebra, Data Analysis and Probability, and Geometry.

Priority 3: Literacy

Goal: All third and fourth grade students will exhibit proficiency on the 2013-2014 Augmented Benchmark Exam by improving Reading skills in the areas of Literary passage, Practical passage, and Content passage, multiple choice and open response.

Priority 4: Wellness

Goal: The school will offer opportunities for students and their families to educate themselves on healthy lifestyle choices to promote family participation and community awareness in the area of total wellness.

Priority 5: Schoolwide

Goal: To implement a schoolwide program that upgrades the entire educational program in the school in order to raise academic achievement for all students

- Priority 1: To improve mathematic skills by targeting the focus areas. The following data are results from students of Central Elementary K-4 content area of mathematics.
1. COMBINED POPULATION 3RD GRADE In 2013, the NRT data revealed a weakness in Geometry and Measurement, MC. In OR a weakness in Geometry. In 2012, the NRT data revealed a weakness in Measurement OR. In 2011, the CRT data revealed a weakness in Measurement, MC and in Geometry, Open Response. TREND ANALYSIS FINDINGS: The weakest area for the Combined Population: Geometry/Open Response.
 2. COMBINED POPULATION 4th GRADE: In 2013, the NRT data showed a weakness in Geometry and Data Analysis MC. OR weakness in Measurement, Data Analysis and Probability. In 2012, the NRT data revealed a weakness in Numbers and Operations, Algebra, Measurement, and Data Analysis and Probability, MC and Measurement OR. 2012, 2011, and 2010 data revealed a weakness in Measurement, Data Analysis and Probability, Multiple Choice. Open Response format revealed a weakness in Numbers and Operations. TREND ANALYSIS FINDINGS: Data Analysis and Probability, MC and OR.
 3. COMBINED POPULATION KINDERGARTEN: In 2013 Kindergarten did not participate in testing. In 2012 Kindergarten did not participate in testing. In 2011, the combined population for the NPR average was 78%. TREND ANALYSIS FINDINGS : 2011 baseline year.
 4. COMBINED POPULATION 1st GRADE: In 2013, a weakness was shown in Math Concepts. In 2012, a weakness was shown in Concepts. In 2011, weaknesses showed in data interpretation and Relationships and Trends. TREND ANALYSIS FINDINGS: All three areas should be the trend analysis, concepts, Data interpretation, and math problem solving.
- Supporting Data:

5. COMBINED POPULATION 2nd GRADE: In 2013, a weakness was shown in Math Concepts. In 2012, weakness shown in area of Math Concepts. In 2011, data revealed weak areas in Numbers, Properties and Operations along with Measurement. TREND ANALYSIS FINDINGS: The weakest areas over the last three years are math concepts.
6. Attendance: The 2013 school attendance rate was 96% which meets state standards. The 2012 school attendance rate was 95% which meets state standards. The 2011 school attendance rate was 93.6% which meets state standards.
- 7.

Goal All third and fourth grade students will exhibit proficiency on the 2013-2014 Augmented Benchmark Exam in responding to open response items for the Combined, Caucasian, and Economically Disadvantaged Populations. Also, third and fourth grade students will exhibit improvement in the area of Measurement, Algebra, Data Analysis and Probability, and Geometry.

Benchmark In 2010-2011, 93% of the combined population scored proficient or advanced in Math. 4th grade showed weaknesses in the areas of MC in Number and Operations, Algebra, Measurement, and Data Analysis and Probability. In 2011-2012, the all student population scored 90% in proficient or advanced. 4th grade also scored low in O R items in Measurement. Third grade showed a weakness in geometry Open response. In 2012-2013, the percentage of students' scoring proficient and/or advanced in 4th grade was 85%. Third grade students at proficient and/or advanced was 84%. In 2014, the percentage of student increase at proficient and /or advanced will increase to 90%.
